January 17, 2019

Please accept this letter of recommendation for Robert Ambrose.

Ambrose has been a media relations assistant for my staff for the last two years, with emphasis on gameday broadcasting for home baseball, volleyball, and basketball events.

I am a one-man show essentially covering 13 NCAA sports here at Augusta University in Augusta, Ga. Ambrose contacted me and showed an interest in joining the department to assist in any way that he could at live events. Right away he made an impact in my office. As the director, I strive for work to be done on a deadline and try to cover every sporting event with adequate notes, stats, pictures, videos, and results.

Ambrose took over his given tasks and completely handled them. He switches between color commentary and play-by-play announcing that fans can listen to and watch online. On top of that, Ambrose showed interest in helping run scoreboards, mixers, and cameras. He proved that he can handle multiple tasks and has a desire to learn and better his skills.

I think your league would benefit from Ambrose's extensive knowledge of baseball and natural commentating skills. He is punctual and fully cooperative.

Without hesitation, Robert Ambrose has my recommendation.

All the best,
Taylor Lamb
Director of Athletic Media Relations
Augusta University
